

# Communication and AAC for support workers

## Part 2: Being a good communication partner

### Workshop

Communication is a two way street. There is a lot that YOU can do to enable better conversations for the people you work for.

1.5 - 2hr  
workshop

**Learn practical strategies to help you make a positive impact on the lives of people with a communication disability.**

#### Who is this workshop for?

This learning opportunity is for support workers, allied health professionals and anyone motivated to improve interactions with people with a communication disability. Join us for an insightful journey into good communication practices and become an enabler in the lives of the people you work for.

#### Learning outcomes:

- Understand what two-way communication looks like when at least one person has a communication disability
- Improve your interactions with the person you work for, and learn how you can help them to have their say
- Enable the person you work for to have conversations with others
